Honouring Today's Business Leaders

On May 8, 2012, we honour Canada's most esteemed business leaders for their life achievements and service to the economy, community and our nation. These individuals have been chosen for their significant contributions to Canada's success, its citizens and for the examples they have set for others.

All of our Inductees exemplify a vision of prosperity and their legacies motivate young Canadians to achieve their dreams and create lives that enrich us all. As newly inducted Companions, these leaders become mentors and role models for Canada's future business leaders.

"The Order of the Business Hall of Fame celebrates leaders who demonstrate outstanding achievement and merit of the highest degree. By honouring today's business leaders, we are helping to prepare youth for their role in tomorrow's business world. Through the activities of Junior Achievement and by way of accepting this award and honour, the 2012 Inductees share in the responsibility of stewarding our next generation of Canada's business leaders."

Junior Achievement

Making an Impact on Today's Achievers and Tomorrow's Leaders

The annual Canadian Business Hall of Fame Gala Dinner is the national fundraising event in support of Junior Achievement of Canada.

For over 55 years, as the largest youth education organization in Canada, Junior Achievement (JA) has been inspiring and preparing more than 2.7M youth to succeed in an ever-changing global economy. Last year alone, more than 216,000 students in over 400 communities benefited from JA programs that were delivered by more than 13,000 dedicated business mentors.

JA programs produce financially literate graduates who save more and borrow less than the average Canadian and Achievers credit JA with being the driving force behind their heightened financial literacy skills. JA graduates also believe that participating in JA programs had a significant impact on their desire to stay in school and pursue a post-secondary education. Finally, JA produces graduates who are more likely to become entrepreneurs, create jobs and power our economy. These future business leaders attribute JA as being the catalyst that gave them the ambition to open their own business and the transformational force that empowered them with the skills and abilities to do so successfully.

As the successful link between education and the business world, JA gives youth the confidence and knowledge they need to define personal success and pursue their dreams. JA inspires youth to make informed, educated and knowledgeable financial decisions, start companies, develop career plans and express their innovative spirit.

The Order of the Business Hall of Fame Canada's Highest Business Honour

Established by Junior Achievement of Canada in 1979, The Canadian Business Hall of Fame celebrates the lifetime accomplishments of Canada's most distinguished business leaders.

Each year, Inductees are chosen as Companions to the Order of the Business Hall of Fame and receive the post-nominal designation C.B.H.F. for their enduring contributions to the economic development and prosperity of Canada.

As leading examples of achievement in business and in life, these individuals have demonstrated the qualities necessary to ensure the success and competitiveness of Canada in a global marketplace. As Companions, they become mentors and role models for Junior Achievement youth who represent Canada's future business leaders.

Tong Louie (1914-1998)

O.C., O.B.C.

Brandt C. Louie

B.COMM., FCA, O.B.C.

INDUCTEES 2012

As the former President of Vancouver-based H.Y. Louie Ltd., Mr. Tong Louie is posthumously inducted into the Canadian Business Hall of Fame with his son, current Chairman and CEO, H.Y. Louie Co. Ltd., and Chairman of the Board, London Drugs, Mr. Brandt Louie.

Tong Louie took a modest grocery and restaurant supply company started by his father Hok Yat Louie, and turned it into a successful retail chain of over a hundred drugstores and supermarkets in Western Canada. This growth and early entrepreneurial success of the H.Y. Louie group of companies including London Drugs and IGA, was not lost on Brandt who has grown the retail powerhouse to 75 stores; the second largest retailer in British Columbia.

During the last decade, continued innovation at H.Y. Louie and Brandt's entrepreneurial spirit have led to the birth of London Drugs' sister companies - London Air Services and Sonora Resort - which have also become leaders in their respective industries.

Known for their commitment to the greater business community and economic growth in Canada, Tong and Brandt have both served as Directors of the Board at several key Canadian companies including the Royal Bank of Canada where Brandt continues to serve as director today. Brandt also participates on the global stage, as governor representing the Food and Beverage Industry, each year at the World Economic forum.

Both Tong and Brandt have held honourable positions at Canadian health and educational institutions; Tong, as Chairman and Governor at a variety of organizations including the Canadian Diabetes Association and the University of British Columbia, and Brandt currently as Chancellor Emeritus, Simon Fraser University; council of governors, Vancouver Community College; governor, Vancouver Board of Trade and the B.C. Business Council; trustee of the Fraser Institute, and Director of the Historical-Dominion Foundation of Canada.

Tong Louie's philanthropic legacy continues today through Brandt Louie and his extended family's work at the London Drugs Foundation and the Tong and Geraldine Louie Family Foundation. Each year, the Louie family foundations support many health, educational and arts programs across Canada.
